ANNOUNCEMENT OF 1963 ANNUAL MEETING

The 14th Annual Meeting of the Lepidopterists' Society will be held Monday and Tuesday, July 1-2, 1963, in the Town Hall, Wonderland Shopping City, located at the intersection of Fredericksburg Road (U.S. Hwy. 67) and Loop 410, San Antonio, Texas, U.S.A.

Registration will be from 7:30 to 9:00 A.M., July 1, 1963, in the Town Hall. Name tags will be printed in advance for those who will attend. A program embracing many subjects of interest to both amateurs and professionals is in the making. A banquet at Casa Rio on the scenic San Antonio River is planned. Several days of collecting is in the making for those who can stay after the meeting. A display of Texas species is under development. Also, a list of more than 300 species of butterflies found in Texas, together with their distribution over the State will be given to conferees.

For the moth hunters, collecting is always good, and no one knows just how many species occur in the State. You will not want to miss the opportunity to catch some of the rare and exotic species found in Texas. Plan now to join the many other Society members from far and near who will be in San Antonio July 1-2, 1963. We are expecting you.

TRANSPORTATION AND PARKING

City bus service is available from International Airport to downtown San Antonio. It is also available from downtown to Wonderland Shopping City. Adequate free parking is available for the visitors with private automobiles.

BILLETING AND DINING

Tourist Courts and Trailer Parks are available at popular prices within short distance of Wonderland. Hotels are available downtown, about 15 minutes drive. Various food-serving establishments are within walking distance.

MAPS AND LITERATURE

City and State maps, information on State Parks, National Forests, and other information useful to persons visiting Texas for the first time, will be mailed to those who plan to attend the meeting. Texas Parks and National Forests not only provide cabins and camping facilities but also excellent collecting. Members are reminded that a permit is required to collect in Big Bend National Park, but not in the State Parks and National Forests.

TREASURER'S Comment: 1. Five numbers of the JOURNAL were published during the year. (Six were hopefully budgeted.) However, the usual billing delays prevented inclusion of all expenses incurred. Thus, had the anticipated schedule been met and expensed, operations would have again showed a modest loss rather than the balance shown.

2. Nevertheless, operations still exhibit a strong trend toward balance. Income this year was the highest ever, resulting from the recent dues and subscriptions increase, membership growth, and membership response in back number purchases and contributions to the Illustrations Fund. May this trend continue!

3. In anticipation of a continued accelerated publishing schedule, the following budget is proposed for 1963:

JOURNAL (six numbers)	\$5400.00
NEWS (eight issues)	800.00
Administrative expenses	<u>300.00</u>
TOTAL	\$6500.00

4. Members can helpfully implement this budget by prompt payment of dues when billed.

5. There are no unpaid bills nor liabilities other than shown, except for JOURNAL, NEWS, and dos Passos Check List in process (see 1. above).

Respectfully submitted,
George Ehle, Treasurer

 Editor's note: The notices in this issue (except for one) represent those new this number. This will help explain why it is so difficult to promise any member that his notice will be run any specified number of times - the problem is space.

 Membership in the Lepidopterists' Society is open to all persons interested in any aspect of Lepidopterology. Prospective members should send the Treasurer the full dues for the current year (\$6.00 U. S. A.) together with their full name and address and special lepidopterological interests. Remittances in dollars (U. S. A.) should be made payable to the Lepidopterists' Society.

All members in good standing receive the NEWS of the Lepidopterists' Society which is issued eight times a year and which includes the biennial Membership List, and the JOURNAL of the Lepidopterists' Society which is issued quarterly.

Manuscripts for formal publication in the JOURNAL of the Lepidopterists' Society should be sent to the Editor of the JOURNAL, Dr. C. L. Remington, Dept. of Biology, Yale University, New Haven, Conn., U.S.A.

Information on membership in the Society may be obtained from the Treasurer, George Ehle, 314 Atkins Ave., Lancaster, Pa., U. S.A., or from the Secretary, Dr. Paul R. Ehrlich, Division of Systematic Biology, Stanford University, Stanford, Calif. Changes in address should be sent to the Treasurer only. Requests for membership, remittances of any kind and changes of address should not be sent to the Editors of the NEWS or the JOURNAL.

Items of notices for inclusion in the NEWS should be sent directly to the Editor of the NEWS, Dr. J.W. Tilden, 125 Cedar Lane, San Jose 27, Calif., U.S.A.
