In assuming the Editorship of The NEWS, I hope to continue it on much the same basis as before. Very little news has come to me so far, but that is probably because of the change. It gives me the opportunity of publishing a list of all new members for the period 30 October, 1963, to 30 April, 1964. A complete list of members will be published this fall. Please inform the Secretary, Dr. John C. Downey, Department of Zoology, Southern Illinois University, Carbondale, Ill., U.S.A., of any needed changes in the list.

E. J. Newcomer, Editor.

RESEARCH NOTICE: Urgently required to complete program of research work, several hundred ova or pupae of Automeris aurantiaca. Will purchase or exchange. Brian O. C. Gardiner, 18, Chesterton Hall Crescent, Cambridge, England.

RESEARCH NOTICE: Authentic records of species of butterflies taken in Illinois by out-of-state collectors wanted for use in proposed annotated list. Collectors residing in Illinois will be contacted individually later. Roderick R. Irwin, 1513 East Marquette Rd., Chicago, Ill., 60637, U.S.A.

RESEARCH NOTICE: I am working on a synopsis of the Nearctic Catocala and desire fertile ova (these moths winter as eggs) of many of the rarer species to rear larvae from which to prepare a key to the larvae. Specimens of some species and information on the biology and habits of all Catocala are needed. Will determine material. Can offer a large number of Lepidoptera, also other orders of insects, in exchange. A. E. Brower, 8 Hospital St., Augusta, Maine, U.S.A.

NEWS NOTE: Dr. Takeshi Kuzuya, of Nagoya, Japan, a Society member, has been doing advanced medical research at the University of Washington Medical School, in Seattle, for the last two years. He will be returning to Japan in September. While here, he has done some collecting in Washington State.

BUTTERFLY IN THE MOVIES -- Columbia Pictures needed a live butterfly for its movie, "The collector." Men were sent in cars to run down clues. No luck. A phone call to James C. Brooks, Macon, Ga., resulted in a reference to Edmund Salle, Fort Deposit, Ala., who said he had butterflies but they would not survive airmail shipment. He referred the studio to Fred Thorne, El Cajon, Calif., a member of our Editorial Committee. It just happened that a Papilio had emerged that morning, so Fred took it in his car 120 miles to Columbia Studios, and they used it. They named the butterfly Elizabeth. Fred didn't say whether the name was appropriate.

Membership in the Lepidopterists' Society is open to all persons interested in any aspect of Lepidopterology. Prospective members should send the Treasurer the full dues for the current year (\$6.00 U.S.A.) together with their full address and special Lepidopterological interests. Remittances in dollars (U.S.A.) should be made payable to the Lepidopterists' Society.

All members in good standing receive the NEWS of the Lepidopterists' Society which is issued eight times a year and which includes the biennial Membership List, and the JOURNAL of the Lepidopterists' Society which is issued quarterly.

Manuscripts for formal publication in the JOURNAL of the Lepidopterists' Society should be sent to the Editor of the JOURNAL, Dr. J.A. Powell, 112 Agriculture Hall, University of California, Berkeley, Calif., U.S.A.

Information on membership in the Society may be obtained from the Treasurer, George Ehle, 314 Atkins Ave., Lancaster, Pa., U.S.A. Changes of address should be sent to the Treasurer, at the above address. Please do not send requests for membership nor changes of address to the Editors of the News nor the Journal.

Items for inclusion in the NEWS should be sent directly to the Editor of the NEWS, E.J. Newcomer, 1509 Summitview, Yakima, Wash., U.S.A.
