## SEASON'S SUMMARY

Because the Membership List was published in the 15 October NEWS, notice regarding the Season's Summary has had to be delayed until 1 December. We hope members having information to report will send it to the Zone Coordinators named below PROMPTLY, so they can summarize it and get it to me without too much delay. There has been some demand from U. S. collectors that the Summary be published on 15 April instead of 1 June, and this can be done if all of you will cooperate. A copy of the report form is attached, which you may use or not, as you wish, and if it does not give you enough room, you may use an extra sheet or two of paper. But reports should be as brief as possible, because of space limitations. We would urge new members especially, and members living or collecting in areas not often reported on, to make a report this year.

## ZONE COORDINATORS

(See 1 June 1964 NEWS for Zone Areas)

- ZONE I. Fred Thorne, 1360 Merritt Drive, El Cajon, Calif.  
 ZONE II. E. J. Newcomer, 1509 Summitview, Yakima, Wash., 98902  
 ZONE III. DonnEff, Rt. 1, Fairview Estates, Boulder, Colo.  
 ZONE IV. H. A. Freeman, 1605 Lewis Drive, Garland, Texas  
 ZONE V. J. R. Heitzman, 3112 Harris Ave., Independence, Mo.  
 ZONE VI. Bryant Mather, P. O. Drawer 2131, Jackson, Miss.  
 ZONE VII. L. P. Grey, Rt. 1, Box 216, Lincoln, Maine  
 ZONE VIII. L. D. Miller, Section of Insects & Spiders, Carnegie Museum,  
 Pittsburgh 13, Pa.  
 ZONE IX. Eduardo C. Welling, Calle 66 Norte, No. 426, Merida, Yucatan, Mexico

RESEARCH NOTICE: An annotated check-list of Minnesota butterflies is currently in preparation by O. R. Taylor, John S. Nordin, and Ron L. Huber. Since Minnesota is so poorly collected and distributional data are badly needed, any data from transient collectors would certainly be a valuable contribution to this list. Address all correspondence to Ron L. Huber, RR & Warehouse, 480 State Office Bldg., St. Paul, Minn. 55101.

RESEARCH NOTICE: Needed for detailed morphological study, 7 males from one locality of each of the following: Satyrrium fuliginosum, S. auretteum, S. adenostomatis, S. kingi, S. californica, S. liparops. Can offer in trade other species of this genus or other Colo., Minn., or Conn. Rhopalocera. O. R. Taylor, Jr., Dept. of Zoology & Entomology, Univ. of Conn., Storrs, Conn.

RESEARCH NOTICE: U. S. and Canadian specimens of the following Arctiidae are urgently needed for critical study and distribution information: Phragmatobia assimilians, P. fuliginosa, P. (Neoarctica) brucei, P. (Neoarctica) beanii, P. (Parasemia) yarrowii,

1964(8):1

and Neoarctica sordida. Correspondence with individuals familiar with these species is sincerely invited. Julian P. Donahue, Dept. of Entomology, Mich. State Univ., East Lansing, Mich., 48823, U. S. A.

NEWS RELEASE: The Society of the Sigma Xi and its associated organization, the Scientific Research Society of America (RESA), has announced through the Chairman of their Grants-in-Aid of Research Committee, Dr. Harlow Shapley, an award to Mr. Julian P. Donahue, of Michigan State University, son of Dr. and Mrs. Roy L. Donahue, of New Delhi, India. This award is to assist in his study of Taxonomy of Indian Butterflies: Their Discrimination, Distribution, Variation and Abundance.

In making this announcement, Dr. Shapley stated that "Sigma Xi and RESA each year make a number of grants to the most promising scientists as critical points in their research careers. We recognize that many needs are relatively too small for the large foundations to consider, and it is to meet these needs that our research funds are maintained."

Founded in 1886, the Society of the Sigma Xi now has 145 chapters and more than 127 clubs in the major colleges and universities in the United States and Canada. Its industrial counterpart, RESA, established in 1947, has 88 branches in major governmental and industrial laboratories. These two organizations with a combined active membership of 90,000 scientists jointly sponsor eight national lectureships, publish the AMERICAN SCIENTIST, and are currently making annual awards in support of research totalling \$100,000. Thomas T. Holme, Executive Secretary, for Harlow Shapley, Chairman, Grants-in-Aid of Research. The Society of the Sigma Xi, 51 Prospect St., New Haven, Conn., 06511, U. S. A.

THELANDER, Jann G.	A/2c USAF, 408 E. 1st St., Duluth, Minn., 55805, U. S. A.
WIENKE, James W.	Supo 9898, Tucson, Ariz., 85720, U. S. A.

#### NOTICES

Lepidopterists' Society members may use this section free of charge to advertise their offerings and needs in Lepidoptera. The Editors reserve the right to rewrite notices for clarity or to reject unsuitable notices. We cannot guarantee any notices but all are expected to be bona fide. Notices should be sent to the Editor.

FOR SALE: Holland's Butterfly Book, 1914 edition, collector's item, cover a little worn but otherwise in excellent condition, very scarce, \$13.; Papilio polydorus, \$1.; P. fuscus capaneus, \$1.; P. aegus, \$1.; Danaida melissa hamata, 25¢; Eurema grundlochta, 40¢;

#2 64  
Catopsilia pomona, 25¢; Tellervo zoilus, \$1.; Oreixenica hercens, \$1.; Salamis parbassus, 50¢; Grab Bag Special, 10 assorted butterflies for \$2. Diane Mensing, 20 Martin Rd., South, Bethpage, N. Y., U. S. A.

EXCHANGE: J'échangerais RHOPALOCERES et HETEROCERES contre tout RHOPALOCERES du globe. (Exchange: I will exchange Rhopalocera and Heterocera for Rhopalocera of the world.) G. Du Jardin-Delacour, B. P. 105, Tananarive, Rep. Malgache (Madagascar).

WANTED: I would greatly appreciate knowing where Riker mounts can be purchased wholesale. Richard Holland, 120 Pearl St., Cambridge, Mass., 02139, U. S. A.

FOR SALE: In 1965, 50,000 specimens of butterflies will be collected in the mountains of different parts of Guatemala. Prefer to sell in lots of 1,000 specimens, but smaller orders will be considered. Please make your orders before March, 1965. Other insects and moths will also be taken. Correspondence welcome. Price list of Mexican butterflies now available. Eduardo C. Welling M., Calle 66 Norte, No. 426, Merida, Yucatan, Mexico.

FOR SALE: 10 different butterflies and Sphingids from Czechoslovakia, \$1.; double batch including Saturnid (231 specimens), \$2., quadruple batch including also Catocala franxini (50 specimens), \$4. All material perfect, identified and with complete data. Will exchange; send list. David W. Bouton, Box 204, Davenport, N. Y., 13750, U. S. A.

WANTED TO BUY: Top prices will be paid for living cocoons of Cecropia, Polyphemus, Cynthia and other saturniid species. Prof. C. M. Williams, Harvard Biological Laboratories, Cambridge, Mass., 02138, U. S. A.

FOR SALE: Promethea pupae, 4 for \$1.; 12 for price of 10. Will exchange for Automeris io and Citheronia regalis. William John Shibe, 628 Thomas Ave., Riverton, N. J., 08077.

FOR SALE: Callosomia promethea cocoons, 20¢ each or will swap. Large quantities available. George F. Holbach, 10121 So. 20th St., Milwaukee, Wis., 53204, U. S. A.

URGENTLY WANTED: Holland's Moth Book. Prof. Dr. G. de Lattin, Zoologisches Institut de Universität des Saarlandes, Saarbrücken 15, GERMANY.

WANTED TO BUY OR EXCHANGE: Holland's Moth Book (Doubleday, 1920) good condition. Also wanted: papered specimens of Megathymus, Speyeria diana, Papilio brevicauda, Saturnia (American), Hemileucinae, Hyalophora columbia, H. rubra (plus forms nokomis and kasloensis), Callosamia angulifera and Automeris pamina. All specimens with data if possible. Please state price. John T. Sorensen, 5309 37th Ave. So., Minneapolis, Minn., 55417, U. S. A.

WANTED: Catocalinae from U. S. other than Michigan in exchange for Michigan species. Also want California correspondent who could supply Saturnia mendocino, S. walterorum and some other species. Ronald S. Wilkinson, Dept. of American Thought and Language, Michigan State University, East Lansing, Mich.

FOR SALE: BUTTERFLIES: lots of 1,000 from Oaxaca, Quintana Roo and El Peten, Guatemala on commercial basis for art work and resale. Lots of 100, 200 or 300 mixed from above localities and elsewhere. Special selections as desired. Ask for my new price list. MOTHS: Sphinxes, Noctuids, Geometers and Pericopids papered; other families pinned. Prefer to sell by family lots but smaller orders also welcome. Special collections made to order. OTHER INSECTS: We have plenty of Coleoptera, Orthoptera, Diptera, Hymenoptera, Fulgora, scorpions, etc. Write for details. GLASSINE ENVELOPES for sale in four convenient sizes for Lepidoptera. Write for prices and samples. Eduardo C. Welling M., Calle 66 Norte, No. 426, Merida, Yucatan, Mexico.

Memoirs of the Lepidopterists' Society, No. 1 (Feb. 1964)

A SYNONYMIC LIST OF THE NEARCTIC RHOPALOCERA

by Cyril F. dos Passos

Price: Society members - \$4.50, others - \$6.00; postpaid.  
(Hard-cover binding \$1.50 add'l.)

Order from the Society Treasurer.

Membership in the Lepidopterists' Society is open to all persons interested in any aspect of Lepidopterology. Prospective members should send the Treasurer the full dues for the current year (\$6.00 U.S.A.) together with their full address and special Lepidopterological interests. Remittances in dollars (U.S.A.) should be made payable to the Lepidopterists' Society.

All members in good standing receive the NEWS of the Lepidopterists' Society which is issued eight times a year and which includes the biennial Membership List, and the JOURNAL of the Lepidopterists' Society issued quarterly.

Manuscripts for formal publication in the JOURNAL of the Lepidopterists' Society should be sent to the Editor of the JOURNAL, Dr. J. A. Powell, 112 Agriculture Hall, University of California, Berkeley, Calif., U. S. A.

Information on membership in the Society may be obtained from the Treasurer, George Ehle, 314 Atkins Ave., Lancaster, Pa., U. S. A. Changes of address should be sent to the Treasurer at the above address. Please do not send requests for membership nor changes of address to the Editors of the NEWS nor the JOURNAL.

Items for inclusion in the NEWS should be sent directly to the Editor of the NEWS, E. J. Newcomer, 1509 Summitview, Yakima, Wash., 98902, U. S. A.
