New Haven, Oct 15, 1880,

I hereby agree to draw and lithograph the plate for Prof. Marsh's volume on the Dinocerata for eighty-five (85) dollars per quarto plate. Also any other plate, for subsequent volumes at the same rate, unless otherwise agreed between Prof. Marsh and myself.

If Mr. F. Buser make the drawing or paper, from the specimen, for any or all of the above plates, I agree to pay him at the rate of fifteen ($15) dollars per quarto plate for such services.

The drawings, and lithographed plates are all to be approved by Prof. Marsh before payment is made.

Emil Orner.
Yale College, New Haven, Ct.
Apr. 24, 1881.

I hereby agree to give up all other work on or before Sept. 1st, 1881, and devote myself entirely to preparing and printing plates for Professor March's volumes to be published under the U.S. Geological Survey.

Emil Grisand

Mr. J. D. Pierson

Dissolution.

The partnership heretofore existing under the firm name of Punderson & Grisand is this day dissolved by mutual consent. All persons indebted to said firm are requested to make payment to L. S. Punderson, who assumes the outstanding liabilities.

L. S. Punderson,
E. Grisand

New Haven, November 1, 1881.

NOTICE.

This business will hereafter be conducted by the undersigned, who, with the same experienced workmen and increased facilities, will maintain the high reputation acquired by the late firm. Orders are respectfully solicited in the line of Lithography, Plate, Book and Job Printing.

L. S. Punderson

New Haven, November 1, 1881.
New Haven, Conn. Feb 14, 1883

Professor O. C. Marsh,

Sir:

The matter I need to discuss on from the Govt are as follows:

First, if the paper we need for printing the Brontosaurus large vertebra plate, one shall be ordered and furnished to me. The paper wanted is thin sheet, made of good linen stock, so called 'Map paper.' The size of the paper is to be 36 x 51 inches.

Second, if the Govt will be satisfied with the size of paper we have on hand (19 x 24) for printing the Sinosaurus Restoration, and if not, to furnish to me the paper wanted. 10 ½ reams are required.
$3.00 to $3.50 per inch average for Volare, with
from $1.50 to $2.50 per inch
Woodcuts for survey.

Can have 1/4 of cuts colored
in New Haven, necessary
to block, sent later to
Soub for pay (Pilk).
New Haven, Conn. Jan 30 1884

Hon. S. P. Rounds.

Public Printer.

Sir:

In reply to your request for a definite estimate of the cost of the extra copies of the 206 plates ordered, (namely: 1,850 copies of the plates already delivered, and 1,900 copies of plates to be delivered) for Professor Marsh's Volumes of the United States Geological Survey Reports, I have the honor to submit the following:

(1) The 206 plates ordered, consist of 145 single quartos, 56 double quartos and 5 still larger plates, which equal together 21 quartos. The entire cost for these extra plates will be Eleven Thousand and Five Hundred Dollars.
The reason I did not at first give a definite estimate was, because the exact size of some of these plates had not then been decided. I hold to the figures I then gave, although the plates average larger than I expected.

I have delivered to you the following extra plates: *Dinocerata Volume*, 21 plates (17 quartos, 3 double quartos and 1 four quarto) 1,850 copies of each.

*Sauroproda Volume*, 57 plates (38 quartos and 19 double quarto) 1,900 copies of each.

Hoping this statement meets your request fully, I remain
Yours very Respectfully

Emil Orsara.
New Haven, Conn., April 16, 1885

Prof. C. O. Marsh
Paleontologist U. S. Geology Survey

Sir: Please find on the opposite page a statement up to date of the plates, finished and delivered, paid for and to be paid for in the Dinocerata, Sauropoda, and Stegosauria Volumes ordered by the Public Printer.

Very Respectfully,

E. Crisand

P.S. The amount due on the 12 plates delivered Oct 27, 1885, is $2,960.00. All others delivered up to date, have been paid for.

Hon. S. P. Rounds, Public Printer

Sirs:

I herewith submit to you the following revised Estimates for the 65 Plates to accompany Prof. Marsh’s Volume on the Extinct order of the Jurassic Reptiles, for the United States Geological Survey.

For lithographing 53 quarto plates at $70 each 3,710.00
   10 double . . . $140 . . . 1,400.00
   2 quadraple . . . $280 . . . 560.00 5,670.00

Printing the above plates 6,480.00

$12,950.00

All drawings to be furnished and the work to be equal to Paleontological Volumes.

Very Respectfully,

Emil Cirrincione
New Haven, Conn., July 14, 1885

Hon. J. P. Rounds,
Public Printer.

Sir: I herewith agree to draw, Lithographing and Printing, 4,960 copies each for sixty five (65) Plates (53 quarto, 10 double quarto and 2 quadruple) to accompany Professor Marsh's Volume on the Extinct order of the Jurassic Reptiles for the United States Geological Survey, for the amount of Fourteen Thousand Four Hundred Dollars ($14,400).

Very Respectfully,

Emil Crisand.
(Copy of order)
No. 148
Office of Public Printer,
Washington, D.C., Aug. 4, 1885
E. Crisand, Esq.
New Haven, Conn.

Sir: You will please lithograph and print
4,900 copies each of the 65 illustrations sent
herewith, which are to accompany Monograph
on an Extinct Order of Jurassic Reptiles, U.S.
Geological Survey, in accordance with
your contract dated Aug. 3, 1885.

When you have completed the same please
deliver to this Office with your bill, noting
on the face thereof the number of this order.

Please inform this Office as to the quantity,
size and weight of paper required.

Very Respectfully,
L. A. Dewey
Chief Clerk.

Note: In all correspondence relating to this
order, the number thereof must be referred to.
New Haven, Conn., Aug. 7, 1885

Professor O. C. Marsh,

Dear Sir:

Finally the contract has come. Please find enclosed a printed copy of the same. I have of course another copy of the same besides this one, but not a printed one therefore I should be pleased if you would save this one for me. After I had sent the contract executed back again, I received the desired order of which I send you also herewith a copy of.

I have mailed the order for paper, but made the same 10 reams less, for fear of having some controversy over it, of which I trust you will agree with me. The drawings for the plates I have not received yet as spoken of in the order and shall be obliged to write to Major Powell about them if they don't come soon. A little more patience and then it will be all right.

Very Respectfully,

E. Crisand.
Everything is going on quietly in the museum, and nothing specially to report. I have to stay here until I can send the plates off for approval and after receiving them back again I shall go for recreation.
Please remember me in sending that premiums.

Hoping that you are enjoying your trip, I sign again. With respect,

E. L.
New Haven, Conn., April 19, 1887

Professor C. C. Marsh,

Dear Sir:

Please find herewith enclosed the items of account with the Public Printer of the Dinocerata Volume.

Very Respectfully,

E. Crisand.
New Haven, Conn. April 19, 1887

Items of account with the Public Printer for the first 3,000 copies of the plates of the Decorousa Volume.

TO EMIL CRISAND, DR.
LITHOGRAHER

Paid for printing 50 copies for Library of Congress.

Paid for paper furnished on some plates.

Paid for drawing and lithographing 56 plates.

Paid for printing 3,000 copies of the same.
New Haven, Conn.,

December 12, 1888.

I hereby agree to do the following lithographic work for the United States Geological Survey, under the direction of Professor O. C. Marsh:

(1) To finish the remaining plates of the Sauropoda volume as soon as possible.

(2) After this, to finish the remaining plates of the Stegosauria volume.

(3) To continue the preparation of the sixty (60) plates for the Ornithopoda volume, of which nineteen (19) are now on stone.

(4) At the same time, or subsequently, to go on with the sixty (60) plates of the Theropoda volume, two (2) of which are now on stone.

In preparing the plates for the last two volumes, I will especially have in mind the necessity of making ready at least forty (40) plates of each volume, so that when the order for
the same is given, the remaining twenty (20) plates can easily be completed within the two years covered by the contract.

I hereby further agree not to undertake any outside work so long as the drawings for any of the above plates are not on stone.

It is understood that all of the above work is virtually ordered by the letter of the Director of the United States Geological Survey, dated Washington, D.C., May 23, 1885, of which I have a copy.

Emil C. Lissauer

Witness.

L. T. Bush
New Haven, Conn.,

November 8, 1889.

In addition to my work for the United States Geological Survey in accordance with my agreement of December 12, 1888, I further agree to prepare and print the lithographic plates for another volume by Professor O. C. Marsh, to be entitled “Monograph of the Ceratopsidae.” This memoir will require not less than twenty plates for the skull alone, and from twenty to forty plates for the remainder of the skeleton. The size of the skull-plates will be large enough (one-fourth natural size) to admit of binding as folio without folding, or quarto when folded.

When two-thirds of these plates are completed, and the remaining drawings essentially done, the author will make a requisition on the United States Geological Survey for publishing the volume.

Emil Orsande.

Witness

T. A. Bostwick.
New Haven, Conn., November 20th, 1890.

Prof. O. C. Marsh,

Dear Sir: -

I hereby acknowledge the receipt of your favor of the 18th inst., informing me that Hon. J. W. Powell, Director of the Geological Survey, has authorized the preparation of a Monograph of the Ceratopsia for publication by the Survey, and also inquiring if I will undertake the drawing and lithographing of the plates for this volume.

In reply, I hereby agree to undertake this work at once, with the understanding that the contract be given me when the drawings are so far completed that the work can be finished within 2 years.

Yours respectfully,

[Signature]

Emil Grisard.

According to above account we have used for the 57 plates 146 quadrants
10 double quadrants & 1 quadruple qua, 4900 copies of each about 190
reams for the "An Extinct Order of Jurassic Reptiles" Volume. The rest
has gone in print for the "Encyclopaedia Vol." and what is left is bound
and stored in the Museum.
New Haven, Conn. Aug 4, 1895

Prof. O. E. Marsh.

Dear Sir,

In reply to your favor of the 28th of July, please find the following answer.

The first item in question is of June 1st 1883, $150.00. I find in my check book that this amount was paid back on June 25th 1883 having received that day my money from the Govt.

The 2nd item is Nov 24 1885, $225.00. My claim is that the same day when you gave me that check I had received money from the Govt so I was not in special need of money and no doubt your check was returned and find no trace of it in my check book.
as deposited to my credit. If this is
not sufficient evidence to you, then
I must request you to look at your
Checks of the mentioned date, also
the charge to your Debt account
in your Bank book, as prove that
the Check has passed the Bank for
payment.

The third item of $7.00 you have
accepted to your satisfaction.

The 4th item is of Sept 15, 1872, $100.

My claim is that a mistake is very
like made in the date. My Ledger shows
2 Checks of $50 each credited to
you in one day. Please look up your
receipts and find out how many you
have of that month. What induces
one also to believe that this must
be a mistake made by me in the date
is that you otherwise must have 3
receipts of $50 each in Sept 1872,
which seems to be not likely the
case.

Yours truly,

E. Ursano
