Moorestown September 2, 1869

O.S. March Esq.

Dear Sir,

On Friday last the re-
mains of a large Mastodon were found in
our County, near Moorestown. A large
portion of the bones is in fine condi-
tion. Many of them are perfect. The
head weighs over Four Hundred Jr.
The person in possession of this vul-
cerable property intends to sell it to the
best advantage. What is its probable
value? Please let me hear from
you immediately. If you can do so,
come and see this.

Yours Truly

H. Dickinson
