Studio Building
51 W. 16th St, N.Y.

My dear Sir,

I have sent you today a little box containing two curious bones, to find out from you what they are.

I was in the Country yesterday and there were shown me as having been found by my friend with great mystery as being some sort of curios and rare, with an inscription that more of them could be found. I am inclined to think they are filed bones of some sort but don't know. If you will be kind enough to tell me what they are I will be greatly obliged.

Very Sincerely yours,

Jenius McEntee
