Sir

I have a catalogue
 Pub. by L. W. Stilwell, Deadwood, DAK.
 He deals in Minerals, Fossils &c,
 and he uses your name as being an
 identifier of some of his fossils

Please tell me if you know of him
 and have you identified any of his
 fossils?

I have the skull of a (Mississippi
 (a 3 toed horse) said to be identified by
 you. Is it genuine?

Respectfully Yours
