Sept 13/94

Prof W. C. Marsh
Dear Sir

I am not ready to do
the photographing on wood.
I have had so much
to attend to this summer
that I am only part
way fixed up to do photo
work and I don't see
how I can attend to it
until cold weather shuts

down on all outdoor
operations. I have
some special photo work
in view and whether or
no I can carry on
that together with photos
on wood I cannot say
until I have made
some further progress
in fitting up my photographs
to department

Very truly

Hubert Blake
