Dear Sir,

By Mr. O. T. Sherman of the Yale College observatory
I hear that you have eight Eskimo skulls in your
museum and some Eskimo implements, clothing etc.
I am going to write a monograph on the Esquimaux
of Hudson Bay's Strait, Fury & Hecla Str. Ponds Bay,
Davis Strait and Cumberland Sound. I beg to ask you, to
send me a short catalogue of all the material referring
to these tribes, in your possession. If there is anything

407
of interest, I intend to come there to take photographs
& drawings.

I am, Sir,

Yours most respectfully

D^r Franz Boas.
