

Trego, Kansas.

Sept. 8th 1896.

Prof. O. C. Marsh.

Dear Sir, Mr.

Williston spoke to me last-
spring with reference to going
on to New Haven next winter.
I could not decide then as
I did not know whether my
means would enable me to
attend the Medical School
there and I am very desirous
to complete my course. I
desire to devote my life to
zoological studies should my
abilities enable me to be suc-
cessful.

I have spent the past four
seasons on the plains here

collecting, and it will probably
be necessary for me to spend
the next season or two like
wise. I desire very much if
I can be of service to you, to
continue in your employ.

I would like to go on
there, & spend the winter, if
I can be of sufficient
service to enable me to de-
fray my immediate living
expenses while there, and
also if you could allow me
the time from March 4th
to June 25th to attend Long
Island Medical School, before
returning to work?

Will you please let me
know soon as Prof. Mudge
intends to quit work by
the first of Oct. I believe

With sincere thanks for
your many kind favors

I have the honor to be

Very truly yours

H. A. Brown.
