Professor March:

My dear Sir

As a native of Oregon
and one deeply interested in its records
I join in the hopes expressed in Mrs
Smith's letter. Knowing Prof. Condon's
knowledge of our state and our need
of the records that he could leave us
I will add my hope that you will
think best to kindly send us your
opinion of such a work from Prof. Condon
and that we may use such opinion
when it will help us to carry out
our plans.

Very Sincerely

LueLLa C. Carson
