Prof C. C. Marsh

My Dear Sir

Your esteemed favor of the 7th inst came duly to hand also the volume for which I am very much obliged.

I am very glad that I have been of service to you & to Science and if you at any time wish my aid in this vicinity please call on me. It was fortunate that the explorations were made before the bad weather set in. We are now having a snow storm.

Whenever you are on this way we shall be glad to see you.

Yours Truly
 Chas E Coffin

Dear Sir

As per request
of Mr J. B. Hatcher of the 15th
inst I have today forwarded
to you by Express a box of
bones. All that we have at.
Hope they will arrive safely
and prove of value.

Yours truly
Charles E. Coffin
