Down,
Beckenham, Kent.

Dear Sir

I am much obliged to you

kindness for having sent me

a large supply of your

various papers, which I

think to be very glad to

read, as I do not often

see the American Journal of

Science. I have, however,

read with great interest

articles in the American

Notwithstanding the great amount
of your several remarks on
the subject. The evidence
of the western parts of the
U. States in fossils seems
quite unparalleled.

With much respect to
best thanks, I remain

Dear Sir
Yours faithfully

My dear Sir

It will give me very great
pleasure to see you here; but
I am bound to add that the
state of my health does not
allow me to converse with
anyone for a long time. —
I do not know whether
it will suit you best to
come here for dinner & sleep,
returning next morning, or to
come here merely to lunch
at 1^o & drink. A train leaves

LONDON 2 1/2

Charing Cross at ~~11^o 15'~~
11^o 15', reaching Orpington
11^o (4 miles from my house)
at 12^o 4', & you can get
a Fly there. You can
return to the train which
leaves Orpington at 2^o 50',
& this will allow you to
stay here about 1 1/2 hours.
If you come to dinner
& sleep, I will suggest

Friday, as Mr. McClellan,
a remarkable man, the
author of Primitive Man
will be here, & you might
possibly like to meet
him. — Perhaps you
will be so good as to
let me hear what you
decide & I remain
My dear Sir
Yours faithfully

Dear Dr. Marsh

I send to two
Photographs, & feel
honoured if you wish
to have them.

I enjoyed most thoroughly
your short visit here.
Long life, & if possible
greater success than before
in your placid side =
= life work.
Yours very sincerely
Charles Darwin
