Enclosed find

list of skeletons which I would like to dispose of. I will sell the entire lot for fifteen dollars (\$15.00) as any number of them you may want. All are disarticulated. I will ship them to you for inspection and you can pay for them if in your opinion they are worth my price. I also have a tooth of a mastodon dug up at Cleveland Ill and identified by the Prof of Geology at the Ill. Industrial University which I will dispose of. I have ^{part of} the bone of a mound builder dug up by myself at Quincy Ill. together with a pipe, arrowhead and other stone implements - also a number of common "Indian relics" such as axes, arrowheads & knives. all of which I wish to dispose of. I can furnish you with quite a number of skeletons if you so desire each year. If you do not want the skeletons please inform me where I can most likely sell them.
