FOLWELL & BROTHER,
No. 229 Market St.

Philadelphia, Mch 29 1870

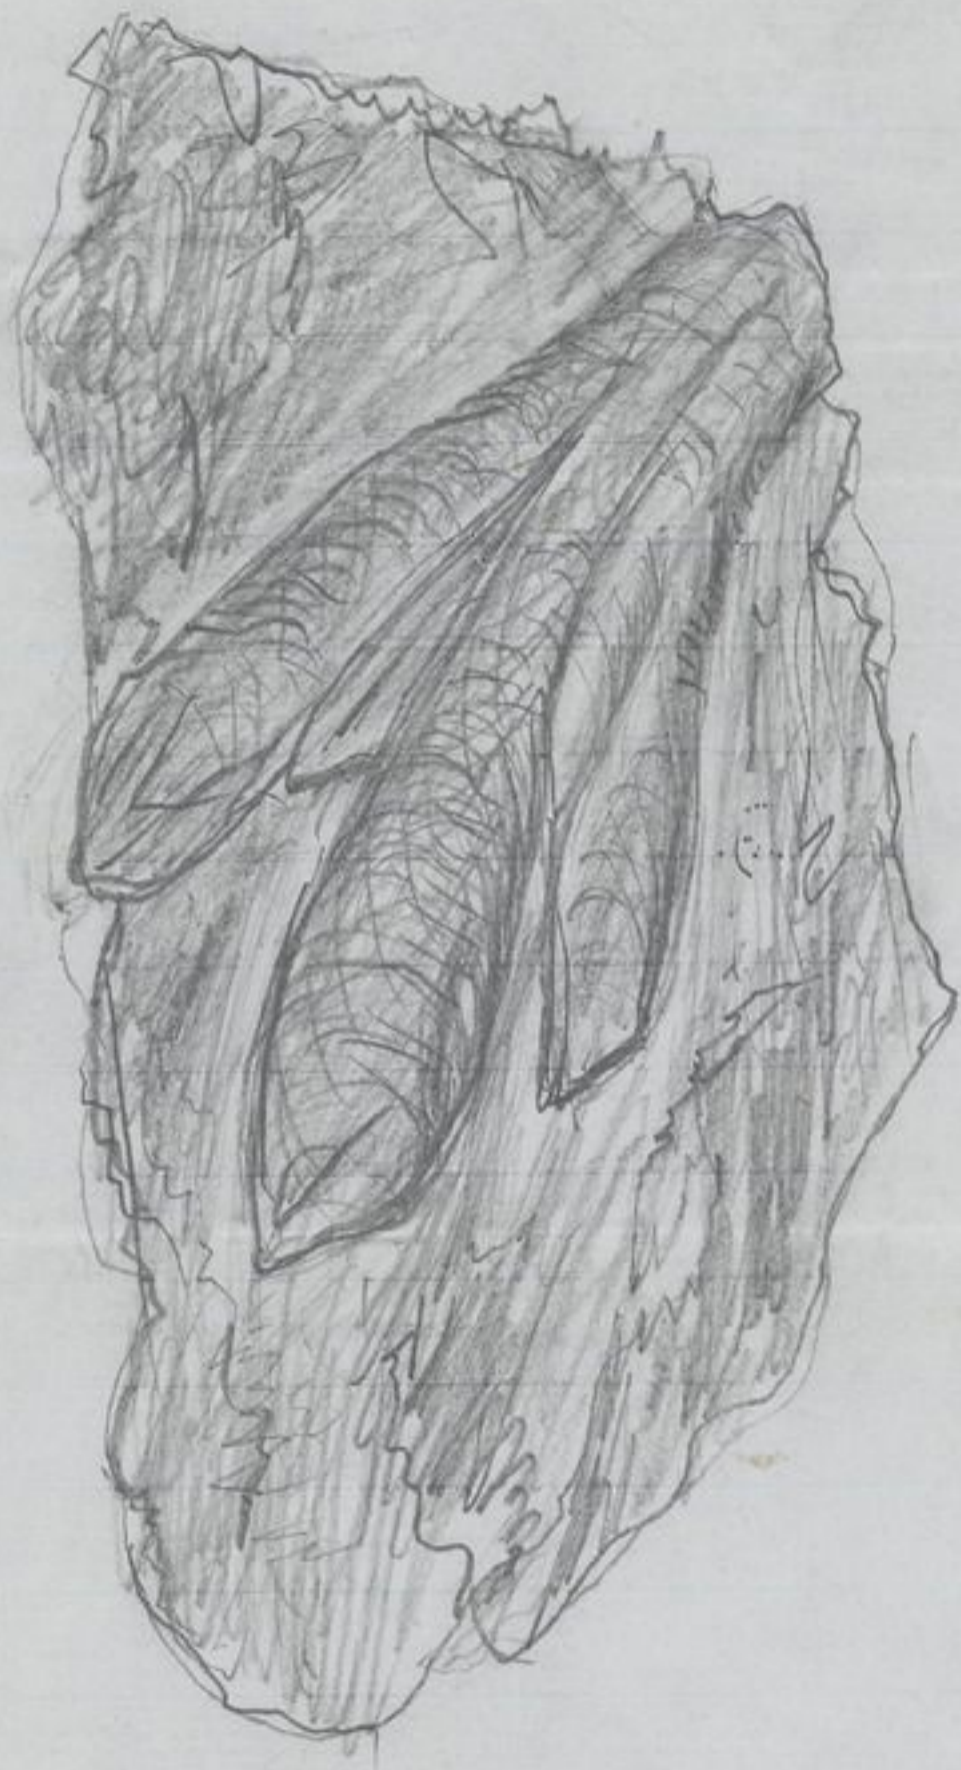

Prof O C Marsh

Dear Sir

A friend of mine
Mr S Manger, has a
rock with a petrified
foot on it, very perfect,
I enclose a rough sketch
of it with his address,
it is not a footprint,
but the foot itself. I think
you might get it if
you think it worth
writing to him about.

Very Truly yours

W H Folwell
