Palatine Bridge N.Y. 14 Oct 78

My dear Sir:

I would like to know to what animal the tooth I send you belonged. I enclose stamps for its return as it belongs to another party.

Have you an archaeological museum connected with your College? I would like to correspond with the Curator, as there are many village sites of the Mohawk Indians hereabouts, and I have many relics of interest.

Respt. lly S. L. Frey.

Prof. O. C. Marsh
Yale College.
