Prof. A. C. March;

Dear Sir:

I have read
and read carefully your
letter and accompanying
pamphlet, dated July 10th,
and am taking steps to verify
or refute the statements you
make

in regard to the bad management
of the Red Cloud Agency. The
charges and statements you
make are sufficiently
explicit either to be sub-
stantiated or refuted to
prove fraud and bad man-
agement, or incompetent obser-
vation.

Assuring you of my
earnest desire for an honest
administration in every de-
partment of the Government,
and willingness to forest out
and

frank and vigorous denials,

Very truly

your obt. servt.

M. A. Brewster
