

Halifax ¹⁸⁷⁰
Provincial Museum
Prof. Marsh F.S.S.

My Dear Sir

Feb. 29/70

I have sent you a copy of the
Halifax Morning Chronicle giving
some account of my work on
staying in the service of the
Dominion Survey in summer of
1868 - I also have found a
part of the Lamentation Series
containing official records with
Loren Procedure according to
Hunt & Deane. You may perhaps favor
me by having a notice of the disce-
very inserted in *Philosophical Journal*.
I am not acquainted with Prof. Rhoads
We have got a Provincial Museum
established in Halifax under my charge.
I shall be obliged to you for parts -

of the practice of European Acad
saries - I have no doubt the
State Government will allow me to
make exchanges with you.

Yours very truly

Wm. E. Brown
Director of Bureau
