Dear Sir, I learn through
my son that you can per-
haps answer a communica-
tion I sent to Prof. Marsh
some two weeks ago respect-
ing a manatee, as from
receiving no reply from
him, I presume he is
absent.

Please direct your reply
enclosing the letter ^{from Sitoida} I for-
warded to him, from
Middleboro, Mass.
I greatly oblige
yours truly,

J. W. P. Jencks

Dear Sir, Please accept my thanks for
a copy of your Address before the

form makes it more convenient for
class reference, of which I shall
have occasion freely to avail myself.
With this I forward our last Annual
