[1898]

Prof Marsh Dear Sir

The Quittan Exploration Co presents with their compliments all the Birds including the King of the Vultures which Mr Niven brought from Guerero. and which you so much admired to the Museum of Yale Univ. of which you are the director.

Very truly yours to

J.R. Kaedenburg Pres.

P.S. Box containing above
Expressed to you this day.

[1898]

Dear Prof Marsh

When you come to N.Y. again after you return from the Conference abroad I wish you would call on me and see what we do here in modern times. I can show you objects that will astonish you, and you will be well repaid for time spent for you will see things you never expected we could do here.

Mr. Niven has had to accept an offer to examine a mine in Arizona, and left here to day to be gone perhaps a month or more. It is too bad he has had to lose so much time, he ought to have been in Mexico long ago, but could not go for lack of necessary funds. Our friend Mr. Morgan had not

673.
Made his appearance lately, and I hardly think
he understands the importance of our holdings
every day new developments arise in Mexico
and yesterday Mr Niven got a letter from there
wherin it is stated that new people are in
the field and very near to where some of his
Claims are located. so the longer we are held
back the more difficult it will be for us
to retain what we have. if you can possibly
help us. by recommending people with Capital
to look into our enterprise I hope you will
do so. for it certainly is a rare opportunity

Wishing you a pleasant voyage

I am Yours &c

F.R.Kaedenburg

F. W. KALDENBERG'S SONS,

SUCH AS TORTOISE SHELL, RHINOCEROS, STAG HORN,
ETC., RARE WOODS, MINERALS AND METALS.

No. 2 and 4 East 17th Street,
Cor. 5th Avenue.

CABLE ADDRESS, IVORIST.

NEW YORK, Aug 2nd 1898

Prof O C Marsh

My dear Sir

Your esteemed favor to
hand. and regarding check for Mr ^{me} Rivers.
You had better send it to his P.O. Box N.Y. City
and his Attorney will deposit it for his ac.
Regarding the Diorite head you write of. possibly this
belongs to the Quintana Exploration Co and all these
Objects have been packed in Cases. we will be pleased
to send you the head for examination. but the Directors
up to the present time. will not dispose of or sell any
single object. but only the whole collection. therefore
I should have to wait until some change may be made
in our determination. however I shall see to it in any
event. that you have the option if the Collection is to
be broken. I could not possibly reach the head for several
days. and as I understood you would leave for Europe
about this time I presume we had better wait
until your return. Very truly Yours &

J. R. Keedney

1898

Dear Prof Marsh

Since writing you this morning, Mr Ward was here and he had charge of the boxes in which our objects are packed, and he does not know in which box the mask is, and there are over a dozen boxes. - but I found a photo of the mask in question and I send it to you herewith. It is one of Mr Niven's own finds and belongs to the Collection

Yours &

F. W. Kalenberg

2 and 4 East 17th Street

COR. FIFTH AVE.

DEAR SIR OR MADAM:

Our business is very much like an old-fashioned Art-Turnery--as in medieval times where everything was done that refined and cultured people required. That is exactly what we do to-day on modern principles.

All who visit our establishment are pleased by what they see; and our services are of value to almost everyone, for we work in so many directions that we are sure to fill some want in your desires, and we respectfully invite you to call on us whenever you have an idle moment.

We have made up a partial list of what we do, and kindly request you to look it over and to think of us whenever you want anything in our line.

Respectfully,

F. W. KALDENBERG'S SONS.

THE VARIOUS ARTICLES WE MANUFACTURE AND DEAL IN ARE AS FOLLOWS:

IVORY GOODS

of every description, such as Hair, Cloth, Nail and Tooth Brushes; Mirrors, Combs and Glove Stretchers; Puff, Lip Salve, Nail Powder, Cosmetic, Bon Bon and Jewel Boxes; Cigar, Cigarette and Tobacco Boxes; Chessmen, Checkers, Dominoes and Dice; Nail Files and Cleaners, Ear Spoons, Button Hooks, Shoe Lifts, etc.; Paper Cutters, Folders, Letter Openers, Poker Checks, Gavels, Tablets, etc.; Salad Forks and Spoons; Corkscrews; Napkin Rings; Carver Sets; Billiard Balls, etc.

IVORY CARVINGS, TANKARDS, Etc., from China, Japan, India, Europe and of our own make.

CANES OF NATURAL WOOD and mounted with Ivory, Stag Horn, etc., plain and carved.

STAG AND OTHER HORNS AND TUSKS

for decorative purposes; Scottish Red, Swamp, Sambur and Fallow Deer; Reindeer, Virginia, Madras and East India Stag Horns; Elk and Moose, African Koodoo, Antelope, Steinbock, Ibex and Gazelle Horns; Narwhal, Walrus, Elephant, Rhinoceros and Boars' Tusks; and we manufacture hundreds of articles, useful and ornamental, from the above.

MINIATURES

and Paintings on Ivory, old and modern, in great variety; and we take orders for portraits which are executed by good and famous artists, examples of whose work we have on exhibition; Fine Frames in Ivory, Wood and Metal made to order; also Sheet Ivory for miniature painters.

CHINESE PORCELAINS, Jades, Crystals, Lacquers, etc.

JAPANESE ART WORK in Ivory, Wood, Metals, Minerals, etc.

STANDS, Pedestals and Frames of Teakwood and Ivory for Vases, Bronzes, Panels, etc.

PEARL AND TORTOISE-SHELL WORK of every description.

BRONZE AND SILVER MEDALS

by Roti, Chaplain, Du Bois, Scharff and other famous medallists. We have a collection of these beautiful works of art and we also frame and mount them in Ivory, Wood, etc., and take orders for special Medals, Medallions, Panels, etc., in Bronze or any other material.

AMBER SPECIMENS FOR MINERAL COLLECTORS

Pieces with antediluvian insects imbedded, curious formations and archaeological examples, Amber Beads and Ornaments, Cigar and Cigarette Holders; and we make to order any desired object from Amber.

MEERSCHAUM AND BRIAR ROOT PIPES

plain and silver mounted, also beautifully carved and ornamented; and we make them to order with crests, monograms, etc., portraits and favorite dogs, horses and other animals.

CURIOS, ETC.

Our requirements for raw material and products bring us in contact with all parts of the world, and we get many objects in natural history and of an ethnological and archaeological character from Europe, Asia, Africa and Australia, Manila, China and Japan, Tahiti, Hawaii, Mexico, South America, Alaska and Iceland; these objects are numerous and ever changing, and we can only give a list of them by special request.

OUR SHOP is a veritable museum, artistic, scientific and instructive, producing something novel or unique every day, and we pay particular attention to carry out plans and ideas of our patrons, and we do repairing of almost anything, no matter how difficult the problem may be.

Very respectfully,

F. W. KALDENBERG'S SONS.
