Dear Sir,

I have a collection of Stone Implements on hand that I would like to sell. There are about 540 pieces in the lot, of these 400 are arrow heads stitched on card. Many of them very fine, and not a broken one among them.

2 Smaller Bowls or Mortars

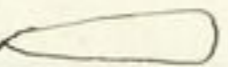

2 Pieces of Patten,

14 Pestles of various lengths

30 Chisels. Grays &c &c

9 Cherokee Clay masks or figures

3 Large Spades - South Illinois.

279  
the largest one  12 x 4 1/2 inches

25 Axes -

12 Discoids -

13 Spear heads

Wood stones, ground round  
shell end - Rubbers, pipes  
and the usual variety of  
stone relics &c.

Price \$400. At these  
figures I think them cheap

Not as cheap however as  
the collection you got from  
Dr. Seely. Had you declined  
that lot they would have  
fallen into my hands.

I should you know Philadelphia  
I would be glad to see you  
and show you the collection.

Northtown is one hour from  
Phila. Depot at 9th & Green St

I would like to dispose of  
the collection previous to the

Would be glad to hear from  
you soon.

Very Respectfully

Yours
