Physician and Surgeon,

Hanover, Ill., Nov 19th 1877

Prof. C. C. Marsh

Dear Sir

I send you
by mail two shells taken from the
Indian Mounds at this place on Apple
River, by me last week and would like
to get some information about them. They
are the first shells taken from mounds
in this Country. I got 19. Of them all
the same, and one Concha shell also
a string of beads made from shells -
I have been collecting for years and have
got Axes Chisels and Arrow heads all
of Stone and many other things -
I shall be pleased to hear from you
For Care keep the shells if you want
them

Yours Obediently

Species. Literata (prob)
