

Dear Sir!

I have had the pleasure of directing to you a copy of my memoir on Paurtalena, just out, and beg you to accept it as a token of my high appreciation of your work.

I think I have seen somewhere that you distribute casts of your remarkable fossils. If so I take the liberty of reminding you of our State Museum here, and of assuring you that whatever of that

kind you would let us have,  
would be considered  
a very precious gift,  
and do much to extend  
among our people the know-  
ledge of the great facts of  
paleontology brought  
to light by your exertions

Believe me,

Yours very truly
