

Official communications should
be addressed to the
Director of the U. S.
Geological Survey.

DEPARTMENT OF THE INTERIOR

United States Geological Survey

Washington, D. C., November 23rd, 1883

Prof. O. C. Marsh,

Dear sir,

I have to day had
shipped to you 4 boxes of fossils from
the cretaceous & tertiary rocks of the gulf
states, a few of the specimens also come
from Montana from the Laramie
group i. e. Fort Union & Judith river
groups, I hope soon to send you more
when I have separated the invertebrates from
them, Major Powell's instructions to me being
to send you all vertebrates in my collections.

The aforesaid 4 boxes have been shipped by
freight per O. C. R. R. I hope they will
reach you in good condition.

yours truly
J. Bellman Marcon
