

South Hadley Cu 1868

[aug]

Prof O C Marsh

Some time ago you was at
our House wishing to purchase
some Bird Tracks My Husband
died suddenly occasioned by a fall
from a waggon so that the Tracks
fall to me and I am under the
necessaty of selling out his entire
Cabinett if you think worth
your attention write or come
and see them and if we can
agree upon a price you can
have them

Yours with respect

Eliza S. Moody

South Hadley Oct 5 64

Dear Sir

As the time has expired that you wrote of calling to see the collection of foot prints of Birds and I wish to know if you want them for a cabinett this collection

I thought that a letter from you would decide the matter as I wish to close up the affairs of my late husband and perhaps leave this place

I would not wish to trouble you to come so far for nothing you can write what you are willing to give I think you did not see all of them

when you was here and I kept them for Yale College

I have also Indian relics
to be disposed of such as Knives
Hoes

If you think it worth
your notice will you not
give an early reply as
I have kept them for you
There are other Colleges who
want them I shall want to hear

Prof. O. C. Marsh

Dear Sir,

I find upon looking over papers & letters of Mrs. Eliza P. Moody of South Hadley, & numbers hereon the subject of purchasing the entire collection of "Fossil Bird Prints" now in her possession. I am her niece have come to her for the purpose of disposing of her personal & property kind. Taking her to my father in N. Y. state as she needs a home & care of friends. I am very anxious to dispose of these stones for something, of course some college ought to own them do you want them at any price

or can you refer me to some
other College that may be likely
to buy them. I shall make an
earnest effort to sell them within
two weeks. An early reply will
greatly oblige and please direct
Miss A. P. Lark
