Dear Sir,

I had the box containing the masks, all ready for shipment on Saturday, as promised, but the Express agent didn't call until this morning. I placed the photos & letter in the bottom of the box. I had a letter

on Saturday from Mr. J. J. Morgan saying that he would be in his office after 11 today, and I may learn

if it is possible for his
brother to accompany me
to Yale this week

Yours sincerely
Wm. W. Riven
