Yale University,  
New Haven.

My dear Professor :-

I left at your room  
in the Museum, with Professor Beecher, some articles and testi-  
monials from a young man who is an applicant, as you will see,  
for a fellowship in the Graduate School the coming year. Will  
you kindly look over his work and return the same to me, with  
your opinion of his fitness for the honor, by the first of next  
week ?

Yours very truly,

Andrew W. Phillips,

I have received copies of your most charming  
speech in N.Y. and thank you cordially for the same.
