Pierre Dak. June 7th/87

C. D. Walcott

Washington D.C. Dear Sir

You will recollect me as
that note you saw
Minneapolis last May, in
reply to a party representing
himself as C. D. Walcott, I have
never seen him since, what
I write you now for is this.
I want to spend this summer
in the "Bad Lands" in this
territory, paying in between
the white river & Cheyenne.
I am well posted in regard
to the formations of the Tertiary
& Cretaceous of Dak, have
been over almost every foot
of it and it is a great
field for Fossil. especially

13598
the large *Pentactes*, the *Pentothurina*
Pentactinini and all that
Clap of extinct animals found
in the Miocene of the Lignite,
is then my chance to get
employment to gather
such Fossils for the "Mithrasian"
or any college you know of.
if you will let me know
in regard to this matter I
will be very much obliged to
you. I can give all the
references necessary, as to my
ability and experience.

Yours Resp
L. E. Phillips
