Prof. C. S. Marsh  
New Haven.

Dear Sir

Being now engaged in the publication  
on a work about the Aleout and Eskimo  
tribes of Alaska I find myself stopped  
in some of my anthropological comparisons  
between the Aleout and Japanese skulls,  
the last being entirely deficient in all  
European museums: as I think you have  
some of these latter skulls in the collection  
of the college I should be very much  
obliged to you if you would send me  
its exact measurements together, if  
possible, with a plaster cast or good photograph  
for which I would return ~~what you should~~  
all expenses.

Please believe me

Yours very faithfully
