J. Duncan Putnam,
Corresponding Secretary,
Davenport, Iowa.

ANNOUNCEMENTS.

VOLUME II of the PROCEEDINGS of the DAVENPORT ACADEMY OF NATURAL SCIENCES will be completed by the issue of a Second Part, bringing the work down to the end of the present year, (1877), which, it is expected, will be ready for distribution early in 1878. This part will contain a number of valuable papers in several departments of science not hitherto well represented in the PROCEEDINGS. It will, as usual, be copiously illustrated with Lithographic Plates and Woodcuts.

The Academy has no Publication Fund, and the publication of the PROCEEDINGS is maintained by subscriptions and by the private contributions of a few of its members. Subscriptions for the volume are therefor earnestly solicited, in order that publication may be continued without interfering too much with the work of the Academy in other directions.

The Academy will be pleased to send its PROCEEDINGS to all Scientific, Historical or Art Societies, and to Authors or Publishers of Scientific or Historical works, in exchange for their own or other publications.

Through the liberality of Mrs. P. V. Newcomb in presenting a lot, and of a number of citizens in subscribing the necessary funds, a safe and commodious building, to be devoted entirely to the purposes of the Academy, is now in process of erection, and which, it is expected, will be completed by Dec. 14th., 1877,—the tenth anniversary of the founding of the Academy.

Donations to the LIBRARY and MUSEUM, and to the ART GALLERY, are respectfully and earnestly solicited, now that their safe preservation is assured.

[Requests for the exchange of *Specimens* should be addressed to Mr. W. H. PRATT, *Curator*.]

Address all communications relating to the publications of the Academy to Mr. J. DUNCAN PUTNAM, *Corresponding Secretary*; Davenport, Iowa.

[October 26th 1877.]
