Pembina Dakota. Nov. 4th. 1887.

Mr. J. W. Bowell.

[Powell] Sir: I herewith send you a report as per your request.

If you will correspond with Jas. B. Copeland Of Beaulieu Dak. Pembina County, he will give you some very valuable information of petrifications of bones of extinct animals found at various depths varying from fourteen to one hundred and forty feet. Found in sinking wells.

Yours very truly.

V. Quackenbush
Deputy Register

Respectfully referred to Mr. Pelling for
the designation of a geologist who can be of
value to the Survey

Yours Respectfully
