

Rathbone Lard & Co.

Stove Manufacturers,

OFFICE AT FOUNDRY
ON NORTH FERRY STREET.

Albany, N.Y. April 15 1893

My dear Sir

Prof Ross
 has informed me
 that he has written
 you regarding
 that the meeting
 of the National Academy
 of Science in November
 next be held in
 this city. The Dudley
 Observatory will by
 that time have
 completed its new
 buildings, when we
 hope would be the
 direction of Prof
 Ross to do good
 work. We can
 promise the members

of the Academy
 a most cordial
 welcome in our
 old South City.

I hope you
 will kindly favor
 our visitation

I am

Truly Yours

J. R. Ralston
 President

David Obear

Prof
 A. C. Edwards
