

Rawlins, Wyoming, ^h 1881

Prof O. C. Marsh
Dear Sir.

Prof Baird
of Smithsonian Inst.,
Washington, gives me
your name as one most
likely to expect sale of
a mammoth petrified
hizzard in which I have
an interest.

It is eighty (80) feet long
petrified and quite or
nearly perfect. I am
now in correspondence
with parties who want
it badly. Should you
wish to purchase or know
of parties who do please

(528)
Let me hear from you
at once.

Russey
