

R. F. STEVENS, PRESIDENT.

Trenton, N. J. May 28th 1868.Prof. Thos. C. Marsh
Sale College.

Dear Sir

I heard incidentally that you had lately delivered a lecture upon (Man) I recommended the attention of the Commercial Farmer to it - The transportation of the West Jersey Man from their pits in South Jersey to your State would be so high as to place it above the reach of your farmer - The Squankum + Freehold, Man Co (in which I am largely interested) are building a railroad from

R. F. STEVENS, PRESIDENT.

Trenton, N. J.

186

The Upper Squankum Marl pits
of Monmouth Co. to the line of
the Freehold & Jamesburg RR'd
which will give direct railroad
communication to South Amboy thence
it can readily & cheaply be shipped
to all parts of your State. We
expect to be able to finish our
road by Oct or Nov. I will
then be only too happy to send
you a cargo of Marl to put upon
your State or College farm. So
that you can practically test its
comparative merits with other fertili-
-zers I ~~have~~ ~~hope~~ send per
same Mail. An Agricultural report
for 1864. Will you please

West Jersey Mail and Transportation Co.

Send me a copy of your lecture
if printed. Should you
feel inclined to visit the
different Mail regions of our
State. I will be most happy
to accompany you & give you
any information in regard to them
in my power. I am

Very Respectfully
Your obedient Servant
Richard H. Moore
