17, Henrietta Street, Covent Garden,

London, December 1864

Sir,

We invite attention to the annexed list of English Newspapers and Magazines which we shall be happy to mail at the published prices, adding only the British postage of one penny. Newspapers, and those magazines weighing under two ounces - omitted in our list, will be sent upon the same terms.

Subscriptions, for a short or long period, should be paid in advance, and the orders and remittances sent to us direct, or to our Mr Simon Stevens, 48 Pine Street, New York. The Sterling, when paid in New York, will be reckoned at twenty five cents in specie to the shilling -

Our list of Quaterlies, Monthlies, Weeklies, Societies Transactions, Law Reports &c., with the terms of supplying them in Monthly packages or otherwise, will be sent upon application.

Public Libraries entitled by law to receive their Magazines, Books, Maps &c. free of duty may participate in the advantages of importing them through the International Library Exchange Agency established with us by the American Geographical and Statistical Society of New York.

Literary and Scientific orders from private individuals will be executed with promptitude, and the goods forwarded to any part of the United States through our usual channels, in the absence of special instructions.

Our weekly packages from France and Germany enable us to supply Continental Publications promptly and economically.

We solicit orders from catalogues of English and Continental Publishers, Booksellers and Auctioneers and the favour of commissions generally:-

Americans visiting London, and registering their names and addresses with us, may have their letters sent to our care -

We are,

Respectfully Yours

Stevens Bros.
