

17275

5 Aug

1855

My dear Sir

I have very
great pleasure in
acknowledging the
receipt and in
thanking you for
the present of a
copy of your mag-
nificent treatise
on *Diocervata*, which

17276

is a worthy successor
to your great work
on Birds with Feet.

I hope to send
you before the experi-
ment of this year

a work on which

I am at present

engaged. I cannot

17277

either in interest,
novelty or importance
put it alongside

of your classical
memoirs, but I

hope that you may
find in it some
things which may

interest you -

Believe me

Very faithfully

Prof. Marsh - Wm. Turner

April 12

1847

Dear Professor Marsh

I have the great
pleasure to acknowledge
the receipt of a copy of
another of your splendid
treatises on the extinct
North American Fauna,
viz. The Dinosaurs, and
I beg of you to

accept my best thanks
for this welcome
addition to my
library -

I hope that it may
be my good fortune
to see you in the
ensuing autumn, as I
contemplate attending

the meeting of the
British Association at
Toronto - In connection
with this my first
visit to America,

I hope that I may
have the opportunity
of seeing your
great museum
in Yale & if

possible of enjoying
the advantage of
examining it under
your auspices -

Believe me

Very truly Yrs

Wm
