Prof C. C. Marsh

Dear Sir.

I left Mr. Hatcher the other
day whilst I am sorry for
but I found out the Bone
business was too deep a study
for me to make a success
at it - and make you a good
man. there for I thought it
best for me to quit. I felt it
my duty to drop you a line
do you and Mr Hatcher have done
so well by me, Mr. Hatcher
is the best man I ever
associated for in my life. I will
follow the Corn business hereafter

If in any way I can do you
or Mr. Hatcher a favor in
this country will be glad
to. my P. Office will be sure

Yours Truly
