Dear Farnham

Please find enclosed a check
for \$50. towards the papers coll. you have
charge of. When I get time I shall get my
recollections written out of it, in Theories. If the
Professor and I don't discover something
startling, possibly of a Phoenician character,
concerning the fragments, then his name
is not McWhorter, and mine not what
it now is, in all sincerity

Theodore S. Woodson.
